“

Hi I'm Thomas, a former sound engineer now working towards becoming a full stack web developer. I am driven by the balance of technical ability and creativity that those careers demand. I am eager to grow within the tech industry that evolves ever so quickly.

”

SKILLS

- Team spirit
- Fast learner
- Methodical
- Determined
- Versatile

LANGUAGES

- English (A1) 
- French (native) 
- Portuguese (A2) 
- Dutch (B2) 

WORK EXPERIENCE

Full Stack Developer

Le Wagon Bootcamp

May 2023 to June 2023

- Building a website during the last two weeks of the bootcamp was an intense and challenging experience. We developed the product from scratch and it is now in production.
- Working in a team of 3 developers, I gained useful skills regarding team efficiency and team workflow.
